

Maryland Celebrates Movies

MARYLAND FILM FESTIVAL

Launched in 1999 with a never before seen doc from Barry Levinson, the MFF screens over 100 movies of all kinds, with their filmmakers. MFF 2011 is May 5-8.

FRIENDS OF THE FESTIVAL SCREENINGS

Year-round screenings programmed by the MFF, especially for the supporters of the MFF. Often filmmakers and other hosts introduce these screenings.

MARYLAND FILMMAKER FELLOWSHIP

Given each year to a script emerging from Sundance Labs, the MFF helps push the project in to production. Through 2009, 15 Fellowships have been awarded and 8 films have been completed and distributed.
