A MESSAGE FROM GOVERNOR MARTIN O'MALLEY

Dear Friends:

Maryland has long enjoyed an outstanding reputation as a film-friendly state – whether for major feature films, television series, commercials or independent films. Recent Maryland productions *VEEP* and *Game Change* were honored with Emmy Awards and the Netflix series *House of Cards* calls Maryland home.

Often referred to as “America in Miniature”, Maryland offers a rich array of landscapes ranging from the rolling hills of Western Maryland to the beautiful beaches of the Eastern Shore. Our charming country neighborhoods and thriving urban centers are filled with personality, culture and history which provide versatility to accommodate any production.

Our state is also home to a highly-skilled creative and technical workforce, with a supportive business community and a Film Production Employment Tax Credit. In addition to traditional film and video production, Maryland has become a top destination for the digital entertainment industry. In the fields of gaming, interactive technology, modeling and simulation, Maryland is at the forefront of new and emerging media.

The Maryland Film Office, a division of the Department of Business and Economic Development, is eager to help meet the needs of your production. Learn more about the benefits of working in Maryland at marylandfilm.org or call us at 1-800-333-6632.

We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Martin O'Malley".

Governor
